

SUPERYACHT TIMES

THE JOB

We are looking for a Front-end Developer to join our 10-person strong technology team to take over and professionalise the front-end stack. You'll work closely with our Technology Director, UX specialist, 3D artists, front-end, back-end and Unity developers, in a Scrum development process.

Your job will be to collaborate with the rest of the team to work on the next generation of our website and other proprietary applications (front-end). You'll be working with the latest front-end technologies, such as React, Typescript, Next.js, Storybook, etc.

OUR DREAM CANDIDATE

- 3+ years of mobile and desktop web development experience, with a focus on modern front-end applications.
- Deep knowledge of JavaScript, familiarity with Typescript.
- Experience working with React or a similar Javascript framework (E.g. Vue).
- Experience working with state management libraries (Mobx/MST, etc).
- Proficient understanding of HTML5 and CSS3, knowledge of CSS preprocessors such as Less, Sass or Stylus is a plus.
- Strong software testing skills: you know what to test, when and how during the development process.
- Confidence with TDD (unit and end-to-end tests).
- Confidence in using REST APIs (GraphQL is a plus).
- Confidence in working with dev-ops best-practices such as version control (git flow), CI/CD (Github Actions), and automation of the QA process.

- Understanding of OOP principles and functional programming.
- Knowledge of React Native is a nice-to-have.
- Exceptional level of attention-to-detail and the ability to collaborate with the UX specialist and content creators to develop robust user interfaces.
- A strong sense of ownership and a passion to learn new skills.
- Excellent communication skills in English, Dutch is a plus.

SUPERYACHT TIMES

REQUIREMENTS:

- BA (or higher) in software development, or comparable professional experience.
- Located in the Netherlands, in or near Amsterdam.
- Working proficiency in English language skills, Dutch is a plus but not required.

WHAT WE OFFER:

- A competitive salary.
- End-of-year bonus structure.
- A MacBook Pro or Windows laptop of your choice.
- Young, international, fun working environment alongside passionate people.
- The chance to work in the superyacht industry.
- Flexible vacation and working-from-home policy.

HOW TO APPLY

Send your CV and a cover letter to fabian@superyachttimes.com, along with other supporting information such as your GitHub profile.
